Red Rocks Community College, Lakewood, CO
Pre-Engineering

GOALS

Thank you so much for taking the time to review my resume. I look forward to answering any questions you may have. In conclusion, I would like to state that while I am very proud of my education and experience, I realize that I have a long way to go to achieve my ultimate goals. Every day I am obtaining more knowledge and experience, personal growth, advancement in both the industry and the community, and always trying to become a better person. I'm excited for the challenge, for my future, and for new opportunities. I have gained much experience and knowledge in my career so far, and I still have a tremendous thirst to gain more. I am very dedicated to my profession and my family. Thank you again, and I hope to hear from you soon.
